The **110 Station Wagon** with its longer wheelbase, adds flexibility to its existing list of talents. An increased track brings stability, making it the ideal towing platform, plus the five-door set-up is ideal for families, or anyone who needs additional carrying capacity.

## Engine

Buick 3.5L V8 engine

This original Buick V8 later became the Rover V8 and gained cult status thanks largely to its addictive burble. A smooth and characterful engine providing comfortable, long-distance, road-going ability. Its low-speed torque means it's equally as comfortable on road as off-road.
